

5TH INTERNATIONAL CONFERENCE ON ELECTRICAL, ELECTRONIC AND COMPUTING ENGINEERING

ICETRAN 2018

62ND NATIONAL MEETING OF THE SOCIETY FOR ELECTRONICS, TELECOMMUNICATIONS, COMPUTERS, AUTOMATIC CONTROL AND NUCLEAR ENGINEERING

ETRAN 2018

PALIĆ, SERBIA, JUNE 11-14, 2018

FIRST ANNOUNCEMENT AND CALL FOR PAPERS

ET(R)AN is the oldest, the largest and the most prestigious Serbian professional society in the domain of engineering. ETRAN organized the national conferences ETRAN in continuation since 1955. Held every year, with in average of 400 papers, the conference was the principal attraction for researchers in engineering from Western Balkans to meet and share their results and know-how. ETRAN Society goal has been to gather in one place researchers from specialized and somewhat diverse fields of electrical and electronic engineering to promote their closer and more efficient communication. The official language for the ETRAN conference is Serbian.

In 2014, the Society launched the International conference on electrical, electronic, and computing engineering (IcETRAN) which runs in parallel with the national ETRAN conference. The conference is organized with support of IEEE. The official language of the IcETRAN conference is English.

The national and international conferences run in parallel and feature invited lectures, round table discussions and sessions in addition to the presentation of the regular papers. The papers submitted will be reviewed by two anonymous experts. The papers accepted and presented by one of the authors registered for the conferences will be available on the Web as part of edited proceedings.

The conferences aim to attract young researchers and students; thereby, registration fees and accommodation discounts are planned. The meetings include social events to allow participants to exchange their individual prospective related to the research and innovations that are very important for the current fourth industrial revolution.

The annual meetings ETRAN 2018 and IcETRAN 2018 will be chaired by Prof. Vladimir Katić and Prof. Nikolla Jorgovanović from the Faculty of Technical Sciences, University of Novi Sad.

IMPORTANT DATES:

- November 15, 2017 – Conference sites opening with the relevant information about the 2018 events
- December 15, 2017 – Final date for proposing special sessions, workshops, educative events and invited speakers for the Conferences
- January 31, 2018 – Program of the special sessions accepted and the list of invited guests finalized.
- March 15 – Dead line for papers submission(Easy chair)
- April 5, 2018 – Review process finalized, reviews sent back to authors (Easy chair)
- April 30, 2018- Final versions of papers received (Easy chair)
- May 10, 2018 – Information to authors about the acceptance of the revised version of the paper (Easy chair)
- May 25, 2018 - Registration for the conference deadline(Easy chair)
- June 11, 2018 – Opening session of the IcETRAN 2018 and ETRAN 2018 Conferences
